*Detailed Action*

This is the second Office Action corresponding to amendment filed Nov 29, 2004. The application contains 20 claims. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

*Claim Rejections - 35 USC § 102*

Claims 1-3 and 5 are rejected under 35 U.S.C. 102(b) as being anticipated by Jüemann et al. (Pat No 4,917,340).

The patent to Jüemann et al. shows a wire retainer comprising supporting member having a fixed part, a retainer member having a base fixed to a central (top) part of the supporting member, and extended upward to retain a wire, a restriction part and a protrusion. Please refer to the figure below.

*Claim Rejections - 35 USC § 103*

Claim 6 is rejected under 35 U.S.C. 103(a) as being unpatentable over Jüemann et al. in view of Bendorf et al. (Pat No 6,123,580).

The patent to Bendorf et al. shows the teaching of soldering for securing a clip on a surface.

It would have been obvious to one skilled in the art at the time the invention was made to have secured the device shown by Jüemann et al. by soldering as taught to be old by Bendorf et al. to better secure the wire retainer.

*Allowable Subject Matter*

Claim 4 is objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Claims 7-20 are allowed.

*Response to Arguments*

Applicant's arguments have been fully considered but they are not persuasive. Applicant argues regarding the clause "along" is not persuasive. "Along" is defined as *in the direction of*. Element 6 of Jüemann et al. is clearly shown in the direction of the supporting member.

*Conclusion*

**THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
